The Neutral Detergent Wipes (Alcohol Free) are a Cleansing Wipe that provides fast and effective cleansing in one go suitable for Commercial and Health Facilities. Ideal for Surface and Hands. Convenient and Disposable these wipes will provide fast and effective cleaning anywhere anytime with no tainting. Neutral Detergent wipes will remove dirt and debris from chairs, benches, beds and mattress covers to cash registers, coffee machines, office phones and toys. They are widely used for cleaning mattress covers and beds where harsh chemicals need to be avoided.

The Surface Disinfecting Wipes are a hospital grade disinfectant that provides fast and effective cleansing and disinfecting in one go without Alcohol. They are Fragrance free to be non-tainting, and they contain a very low-foaming, biodegradable non-ionic surfactant for safe and efficient cleaning and disinfection of most hard surfaces and equipment.

ALCOHOL IPA WIPE 20CM X 22CM HOSPITAL GRADE BACTERICIDAL DISINFECTANT TUB OF 160

Reynard IPA Wipes are impregnated with 70% Isopropanol and have a very low level of a non-ionic surfactant which provides an effective disinfection of clinical surfaces.

This product has been tested and proved to be effective against the following common micro-organisms: MRSA, E.coli, Salmonella typhimurium, Listeria monocytogenes, P. aeruginosa, Proteus vulgaris, C. albicans, A. niger.
